

## **EXCITING ENHANCEMENTS TO LexisNexis :**

### **Get & Print**

Now it's fast and easy to print the full text of multiple documents. The powerful new feature, Get & Print, allows legal professionals to pull an unlimited number of full-text cases and Shepard's® reports in a fast, easy manner and save them as a document (.rtf, .pdf, .doc, .wpd or .html). There is no need to enter each citation separately. To access go to <http://www.lexis.com/getandprint> (or click on Get a Document tab).

### **Guided Search Forms**

Each guided Search Form integrates easy-to-use search fields and a list of commonly used sources to make research faster. *Guided Search Forms* provide a simplified approach to searching the most commonly used sources on LexisNexis. They leverage the power of segment searching through a simple interface. These specialized search templates enable you to quickly and easily search specific information without having to navigate the customary source selection process. Search Forms are available for these categories:

Federal Legal  
Cases  
News

State Legal  
Codes  
Company

Areas of Law  
Law Reviews  
Public Records

### **Star Pagination Print**

Star Pagination Print allows users to print only the pinpoint pages they need from a long case or document. Researchers now have the option to print a specific page or range of pages from the case law reporters, law review articles or public laws.

### **Explore Button**

Enables you to quickly link to the sections of a document (i.e., case summary, disposition, opinion by, footnote, etc.). This feature applies to all documents and appears as a button in the lower left-hand corner of the screen. *Explore* works only in FULL view.

### **Floating Cite Assistant**

Provides quick pinpoint cite information without performing any unnecessary scrolling within a document. All you have to do is rest the cursor anywhere in the text of the document and in a few seconds a pop up box will appear indicating the pinpoint cite. **To activate this feature**, click on Options (upper right corner) and check the box next to "Show floating pagination assistant."

### **Shepard's Table of Authorities**

The Table of Authorities (TOA) provides an analysis of cited legal authorities upon which a citing case based or supported its opinion. When you *Shepardize* a case the TOA will give you a list of references (cases and law reviews) cited by your case.
